

# Powerful Prayer Activity

## Loving Christ Ministries

1. Find a partner or have a group of no more than 4.
2. Choose one person at a time to pray for.
3. Before the partner/group begins praying for the person, sit in silence for a minute and focus on the Holy Spirit. Listen carefully for these three things:
  - a. Is God impressing a scripture upon your heart to share with the person for encouragement?
  - b. Is He giving you words He wants you to say to the person?
  - c. What general impressions is the Holy Spirit laying on your heart to share with the person?
4. Begin praying for the person. Share what you're sensing without worrying about it being perfect. If you don't sense anything from the Holy Spirit, please pray anyway for that person.
5. When finished, move to the next person and follow the same steps for them. You'll be surprised how clearly you hear the Lord when you take the time to focus, be still, and listen.
6. Discuss the activity together when finished (or journal about it).
